

The Magic of Madagascar

Join us for a multimedia adventure in Madagascar! ONC-PDX members Ron Bekey and Ramona Holmes will share their adventures from a three-week tour of this large, isolated island in Fall of 2018. They travel by foot, car, and boat to remote areas of the island and took a close look at unusual animals like lemurs, chameleons, and, zebu. They visited the fascinating baobabs, experienced local music and dancing, and explored caves, canyons and amazing rock formations. They also learned about the challenges and environmental issues the Malagasy people face.
