

ONC-PDX takes the sting out of the Yellowjacket Trail

Every time I head to Mt. Hood to ski, I see more and more people

recreating in the snow. I ask myself, what we can do to increase the number of trails available to spread people out to make it a more enjoyable time for all. This spring, while looking thru my old ski trail guide book, I was looking for trails with parking when I remembered skiing the Yellowjacket Trail in the past. I also remembered it was challenging to find the route and stream crossings. This year I took it on as a personnel goal to get the west end of the Yellowjacket Trail back into shape and make it an enjoyable ski or snowshoe trail. It took several outings this summer to reestablish that part of the trail. It had, in the middle section, had been effected by Forest Service thinning, which lead to explosive growth of new trees. I even had to request a couple walking tours with Rachel Drake our Zigzag Forest Service rep to identify the correct location of the trail. The Forest Service sent in a chainsaw crew to clear a massive tree blow down pile on Still Creek to make the trail safe.

On Monday, October 14, the weather looked great as nine of us went out on one last trail tending party of the season, so we could get it done before the snow falls. We had two people hanging diamonds and six people with loopers and saws cutting off trees. By 3:00 p.m. we had completed the job and headed to Mt. Hood Brewing for fluid replenishment. The trail is not easy and it is steep in a few sections, but it does offer a very nice trail thru the old growth forest connecting the Timberline Junction to the White Away Trail, then over to the Snow Bunny Trail, offering several options to make enjoyable loop tours. Hope you give it a try.

Many thanks to Mary Hepokoski, Kerstin Koegler, Kacey Jones, Bruce Miller, John Maroney, Keith Baker, John and Patrice Fromwiller, and Ken Wenzel

Tilly Jane Cabins ready for the season

The bulk of Tilly Jane Phase 4 project work

was complete in September. The Tilly Jane Guard Station Garage received a new North and East side foundation walls. The Garage was straightened and a new cedar shake roof was installed. A new composting toilet was installed at the A-Frame. A new window was added to the new toilet area along with installing a new motion detector light. The A-Frame alcove was completely reconfigured to accommodate the new toilet. The old pit toilets were decommissioned. Several patches were made to the A-Frame concrete floor and new cedar shakes were installed on the walls.

ONC-PDX BOARD SKI TRACKS

Another overnight trip sign up has come

and gone. It was not perfect by any means, but great strides have been made in improving the system. I was right in there with the rest of you getting error codes and logging off. We did a test run with 250 computers signing up at the same time with no problems. The website is like plumbing, the more water you turn on, the more it backs. That is what happened when PayPal was processing payments; it caused the website to slow and give errors. Each year we learn more about the system. What its limitations are and how to overcome them.

We are also finding out which trips are in demand and have made adjustments to provide the ones you want, increasing the number of trips we offer. Eighty percent of the trips filled on the first night, so there are still some openings available. It was one of the board's goals to have something to offer new members after our sign up night. If you have a trip in mind that you think would be good for next year, let us know, even if are not interested in leading the trip. If you would like to become a leader contact the overnight trips committee; we need more leaders!

I want to thank Richard and Nick for the many hours they spent working on the bugs in our online sign up system and monitoring the website during the sign up period. I also want to thank the overnight trips committee for all the work they have done to come up with a great group of trips. We keep working to improve and I think it shows. Thank you for being a member of ONC-PDX. ♦

Tilly Jane Cabins ready for season cont. from p. 1

There are a few remaining tasks including installing the vent pipe and the outside half log decoration beams. These items will be completed next spring.

The annual wood haul work party was October 5. Eight cords of wood were purchased and another 12

cords were chopped hauled and stacked within the Guard Station and A-Frame

structures. Thanks to roughly 75 volunteers at this annual event, both the Tilly Jane A-Frame and Guard Station Cabins are ready to host winter renters. ♦

DAY TOURS OVERVIEW RSVP

It's important that our organizer's time and effort in planning events is respected and appreciated. Respecting your RSVP also ensures that all of our members have access to our tours that may otherwise fill up. We document no shows for events and this will impact your acceptance for future events.

Tour Difficulty

It is always difficult to communicate the difficulty of a tour. (See page 5 sidebar for ratings.) These ratings are a starting point. If you are uncertain then we strongly encourage you to contact the tour lead (it is much easier to sort this out before the trip than on the trail).

What to Bring

Let's start with the *10 Essentials*. This is list of items which we recommend every participant carry (not just the tour leader). For clothing please look at: onc-pdx.org/resources/wear/ For the vast majority of our tours you need to have skis beforehand (we don't have time to stop and rent skis on the way). If you need to rent equipment please see Rentals and Retailers.

Carpooling

Lack of snow worthy vehicles is a growing issue for the club and board is reviewing options to change our policy. The ONC-PDX carpool policy is: Each passenger contributes 15 cents per mile. For three or more passengers, the maximum total contribution by all

Accommodations are in newly remodeled rooms with two queen beds per room and private baths. On Monday morning, a snow-coach ride at 7:45 a.m. takes us to Old Faithful where we move into modern western cabins with two queen beds per room and private baths. For three days of skiing among the magnificent geysers, including those in the Old Faithful basin and Lone Star Geyser, up to the Continental Divide, the Mallard Lake Trail, all while viewing elk and bison (and perhaps wolves), catching the Yellowstone that most tourists miss. We expect dry snow and clear days. On Thursday afternoon, we will return to Mammoth Hot Springs for three more nights. Feb 18–20, Tue–Thur, Advanced/Intermediate Backcountry Ski

Sisters Backcountry Hut-Hut, Deschutes National Forest, OR One space available*

The scene: Central Cascades backcountry in mid-Feb. Think finding your way through a forest full of old growth in the snow with a friendly bunch. Away from the noise and bustle, we'll ski hut to hut for 22 miles over three days over terrain described as "ungroomed and rolling with gentle slopes." The ski is about eight miles a day at around 6,500 ft. elevation with variable snow conditions. Along the way are untrammeled views that most will never see. Each night we'll cook a communal dinner with the provided and supplemented supplies, get warm and dry from the wood stove, prepare for the next day's adventure, and crawl into our bunks with smiles from the day's experiences. So, you may be wondering, with two nights in the woods and staying in cabins, will I have to pack a lot?

Not at all, the huts are fully stocked with food, cooking supplies, sleeping bags, everything we need to make the stay easy. You need only carry your lunches, snacks, and any supplementals we choose. A sleeping liner is recommended and you may carry your own sleeping bag if desired. What about equipment? This is from the huts company: "Bring Metal Edge Nordic skis with Scales or lightweight telemark skis with skins. Boots/Bindings: Beefy Nordic (NNN BC or 3-pin/duck bill) and coordinated binding. Alpine Touring and Telemark gear that is more suited for descending might be a bit too heavy and bulky. Skate skis and track classic skis will be too light and flimsy." We have a shuttle service from Three Sisters Sno-Park to Dutchman Flats the first morning. Since we must be at the shuttle at 8:00 a.m. there is an optional hotel stay the night before in Sisters, breakfast included. This makes for an easy transition to the shuttle point.

Special considerations: Skis with metal edges or skins, able to ski eight-plus miles at 6,500 ft. elev., on time for the shuttle, the rest... enjoy the deep woods in winter!

another couple that has applied for the trip. 5. Trip leaders, after consulting with the ONC-PDX Board and Overnight Trip Committee (OTC), may also deny a trip application based on an applicant's behavior on previous ONC-PDX trips.

Wait list procedures

1. To be placed on a trip wait list, applicants must submit a completed trip application to the designated trip leader, along with a check for the full amount of the trip fee. If space becomes available, wait list participants may then choose to fill the space or decline. 2. Wait list checks will not be cashed until the wait list applicant has been moved from the wait list to the active trip roster. The check will be destroyed when the trip leader determines that a cancellation is unlikely or upon the request of the wait list applicant. Wait list applicants will be notified when the check is destroyed.

Trip Cancellation Policy

1. Trip fees and deposits are non-refundable, unless the trip leader is able to make a reasonable substitution for the canceling participants. 2. Participants needing to cancel a trip should contact the trip leader immediately so that wait-listed applicants can be considered for placement on the trip roster. 3. If a wait list exists, the trip leader will determine

whether wait-listed applicants can be reasonably substituted for the cancelling participant(s). If a wait list does not exist, and sufficient time is available, the trip leader will advertise the trip availability through reasonable means available to the trip leader, typically through the web forum and club newsletter. 4. If the leader is able to make a reasonable substitution for the cancelling participant, the cancelling participant will receive a refund of amounts paid, minus \$10 for each participant associated with the cancellation. All communications regarding trip cancellations and associated refund requests are to be directed to the trip leader, who will coordinate with other club members, as needed, to ensure the proper handling of the cancellation notice and refund request. 5. If the club cancels the trip, the full amount paid will be refunded. Trip cancellations are decided by the OTC. **Travel Insurance** To avoid the loss of trip fees or deposits, the club strongly recommends that trip participants purchase travel insurance, which is available from a variety of providers. Mar 13–15, Fri–Sun, Advanced-Intermediate Backcountry Ski

Sisters Backcountry Hut-Hut, Deschutes National Forest, OR
One space available*

This is a 22-mile Hut to Hut tour from Dutchman Flat near Mt. Bachelor to Three Creeks Sno-Park near Sisters. The route roughly follows the historic Metolius Windigo Trail at 6,500 ft., on the eastern edge of the Three Sisters Wilderness area. We meet our shuttle Friday at 8:00 a.m. at Three Creeks Sno-park and shuttle to Dutchman Flat, where we start the tour. Friday and Saturday nights will be spent in huts along the route and Sunday evening we will drive home from Three Creeks. The terrain is ungroomed, rolling to gentle slopes with some steeper climbs. The two huts are fully stocked with food, cooking equipment, wood stove, and bunks. They provide sleeping bags as well; so you only need to carry a bag liner and your personal gear and clothing! We can't anticipate the weather so the snow conditions can vary from untracked powder to icy and anything in-between.

Equipment needed is metal edge skis, preferably a backcountry ski and boot. Skins are not required but can be useful depending on conditions. Classic narrow Nordic skis are not really suitable, but that depends on the ability of the skier. Kicker skins are recommended in that case. Good physical condition is needed to ski the distance, climb the hills, and keep up with a group. The distance between huts is eight miles average, which leaves time for additional skiing, exploring, or relaxing in the huts.

Info about what is provided and photos of the huts: threesistersbackcountry.com/huts/nordic-traverse-huts

This trip begins early on Friday morning with a shuttle so you need to be in Sisters the night before. Carpooling will be arranged and shared lodging can also be coordinated among the group but that will be an additional expense. We usually rent rooms at the Best Western in Sisters which includes a hearty breakfast.

Trip limit: 8 participants including trip leader.
Cost: \$340/member, per person. Includes a shuttle, 2 nights in huts, food for 2 days and 2 nights with beer included! Additional expenses will be carpool transportation expense and food and lodging in Sisters Thursday night.

Carpool miles: 320 miles roundtrip from Portland.

Bike riding on moderate terrain

We'll be riding less than 35 miles a day in moderate terrain. Bikes and accessories are included with the trip.

We fly from Portland to Paris, where we catch the train south to Aigues-Mortes on the Mediterranean coast. We'll spend our first night here which allows a day to adjust and tour the ancient Roman infrastructure in this walled city. The bike leg begins as we board the Caprice on June 27 to sail up the Rhone river, biking the countryside every day. Six days biking (yes, with an English-speaking guide) through red wine country where the last day is a bike ride through Chateaufort-du-Pape. And of course, we'll have time while there to stop and visit the shops. On July 4, we take the train back to Paris and spend two nights before flying back to Portland on the July 6. Activities in Paris run the gamut of your bucket list. Our hotel is close to the Louvre so your call to visit it or make a plan B.

Trip limit: 14 participants including trip leader.
Cost: \$3220/member, per person and will include trip insurance. Includes roundtrip airfare to Paris from Portland and ground transportation, river transport, bike rental, all lodging, some partial laundry service, and a few other amenities. You might want to bring your own helmet, but they are provided. All meals while on the boat, and a sack lunch are also included. Exact cost will depend on air travel charge. BOARD MEETING MINUTES

Minutes of ONC-PDX September 17 Board Meeting at TVFR

Present: Ken Wenzel, Ted Scheinman, Laurel Dickie, Mary Bourret, Bill Neuman, and Tere Enberg. Guest member: Richard Crimi

The Board approves the August 2019 minutes.

Carpool Costs: Ken attended NW Ski Council meeting where they advised not to have a specific carpool policy. ■ New verbiage needs to be found for our policy. ■ Mary B asks we list a suggested rate for each day trip destination. Other organizations structure costs this way. ■ Overnight trips get more costly though. So do we state a flat rate for day trips and a per-mile for overnight trips? ■ Ken motions we set up a day trip carpool rate of \$10 to West Mt. Hood, \$12 to East Mt. Hood/Mt. St Helens and \$15 to Mt. Adams. For overnight trips the suggested rate should be 15 cents/mile. Bill N seconds the motion.

Refund Policy: Mary H. would like verbiage to indicate a percentage of the trip cost, "plus PayPal fees".

The board is in favor of changing the wording to: "If the leader is able to make a reasonable substitution for the cancelling participant, the cancelling participant will receive a refund of amounts paid, minus \$10 for each participant associated with the cancellation".

Ski Bus: Board approval of two buses in Jan. and two buses in Feb. as requested by Ken B.

Membership: Patrice Fromweiler is doing the database updating. There is confusion on who will mail out the membership cards. Ski Club Council card will be handed out at the October 1, 2019 meeting. Membership numbers are: 201 active as of 9-16-1914 new since 5-7-19, 66 family, 135 single

Overnight Tours: First-in-line early sign-up program doesn't seem to be working as hoped to generate more day tour leaders. This was created before we had electronic sign-up. ■ It is cumbersome to gather the data from many sources. But hours should still be tracked for the volunteer appreciation. ■ Mary B will do the volunteer participation tally for the upcoming ski season, having the information ready by September 2020. ■ Board moves to not extend early sign up for next year.

Volunteer appreciation: Should we do t-shirts and hats rather than the \$15 gift cards? Perhaps we should offer a fleece vest. Tere moved we not distribute "small gifts" at the volunteer appreciation at all, Ted seconds the motion. ■ Mary B asks that we offer swag. Laurel will send an email asking day leaders what they'd like as incentive.

Website: The committee is continuing to work with Clint Sikes, contracted webmaster. ■ Northwest Ski Club Council wants clubs to avoid logos and links to businesses because there has been a rash of bots looking for copyright infringements. ■ It is suggested the info be placed behind a membership log-in. This will be explored further next month.

Board meetings have been changed to the third Tuesday of the month. Next meetings: Oct. 15, Nov. 19, and Dec. 19, all at 10:00 a.m.

Laurel Dickie, Secretary

Japanese Wilderness areas and Mt. Fuji

In August 2018, Keith Daellenbach and his pre-teen son, Micah, went on an adventure to Japan. There they hiked through the northern Japanese Alps, enjoying a high mountain 'onsen' on their hut-to-hut journey. They sea kayaked on the Seto Inland Sea and swam in its warm waters. Along the way, they visited cultural treasures like Takayama, Hiroshima, and Kyoto. Before returning to Tokyo, they climbed to the summit of Mount Fuji via a southern approach and traversed down the mountain's northern side. It was a father-son tour they will not forget and they hope you can join them for this presentation on the Land of the Rising Sun.
